COSMIC
SAFARIS LTD

*A*bout us .

Cosmic Safaris was started purely as a passion project, out of the joy of having others experience our home... and as with anything in life, if undertaken with passion, success is inevitable. We have now been in the safari business for over 14 years , expertly designing and providing often-times life changing holidays to thousands, with absolutely no intention of slowing down . However, the real reason behind Cosmic Safaris' success is attributed mainly to one simple fact:

*A*frica *I*s *B*eautiful

We want to show, share and shout these three words to the world. These three simple, little words, that when experienced in person will envelope anyone into the magic of Africa

A Percentage of all profits

Cosmic Safaris knows that while it can be a lot of fun to book an ultra luxurious safari, the reality in the majority of Kenya is far from that.

Therefore, a percentage of all profits from all our bookings goes toward enabling the sustainable development of the Kenyan people.

If you wish, you can even have the opportunity to personally be part of the process once you arrive.

A vibrant blue and purple bird, possibly a species of parrot or toucan, is perched on a weathered wooden branch. The bird's wings are spread, showing a mix of bright blue and deep purple feathers. Its head is white with a prominent black beak. The background is a soft, out-of-focus green. A semi-transparent red rectangular box is overlaid on the left side of the image, containing contact information.
